Earn Rewards!

A GROUP OF GENERAL CONTRACTORS NATIONALLY WERE ASKED...

Q: What are some of the biggest challenges to overcome in achieving success in the construction business?

- A**
- Having sufficient lines of credit to grow my company
 - Being assured of timely payments for work completed
 - Acquiring consistent & profitable new projects
 - Keeping up with rising insurance costs
 - Keeping subcontractors paid in a timely and efficient manner.
 - Keeping up with state contractor laws and legal documents

CONSTRUCTSURE (CIS) FEATURED SERVICES

- Available funds for supplier purchases without additional lines of credit through the ConstructSure PayVoucher© System - **no out of pocket costs through our Contractor Purchase Power Program**
- Direct access to construction forms/document storage and lien waiver management - **use state legal forms online to protect yourself and to guarantee receipt of payments for work completed**
- Direct electronic payments – **labor payments directly deposited to your checking account and/or subcontractors' accounts**
- Track payment approvals online – **stay up to date on payment process and timing**
- Funds are securely set aside in escrow and 1099 reports made available - **your construction funds cannot be used for any other purpose – you acquire reports at the end of each tax year to meet the IRS 1099 reporting requirements of your subcontractor payments**
- Computerized updated budget reports available online – **you can track the balances in each line item after payment requests are processed to consistently track estimated job costs Vs actual costs**
- Financing available through CIS participating lenders – **flexible loans available for your customers as well as for your developer or joint investor projects**
- New sales through the CIS online national marketing network – **increase number of projects and profits**
- Accounting programs available – **simplify the creation of a balance sheet for your company**
- Insurance programs available – builders' risk, insured fund control guaranteed completion of your projects – **enhance your credibility by using CIS services and joining the network of national CIS contractors to acquire more new customers/jobs**
- Earn reward points for travel - **benefits directly available to you just by doing business with CIS**
